

# Add Tripleseat to Your Home Screen & Enable Alerts

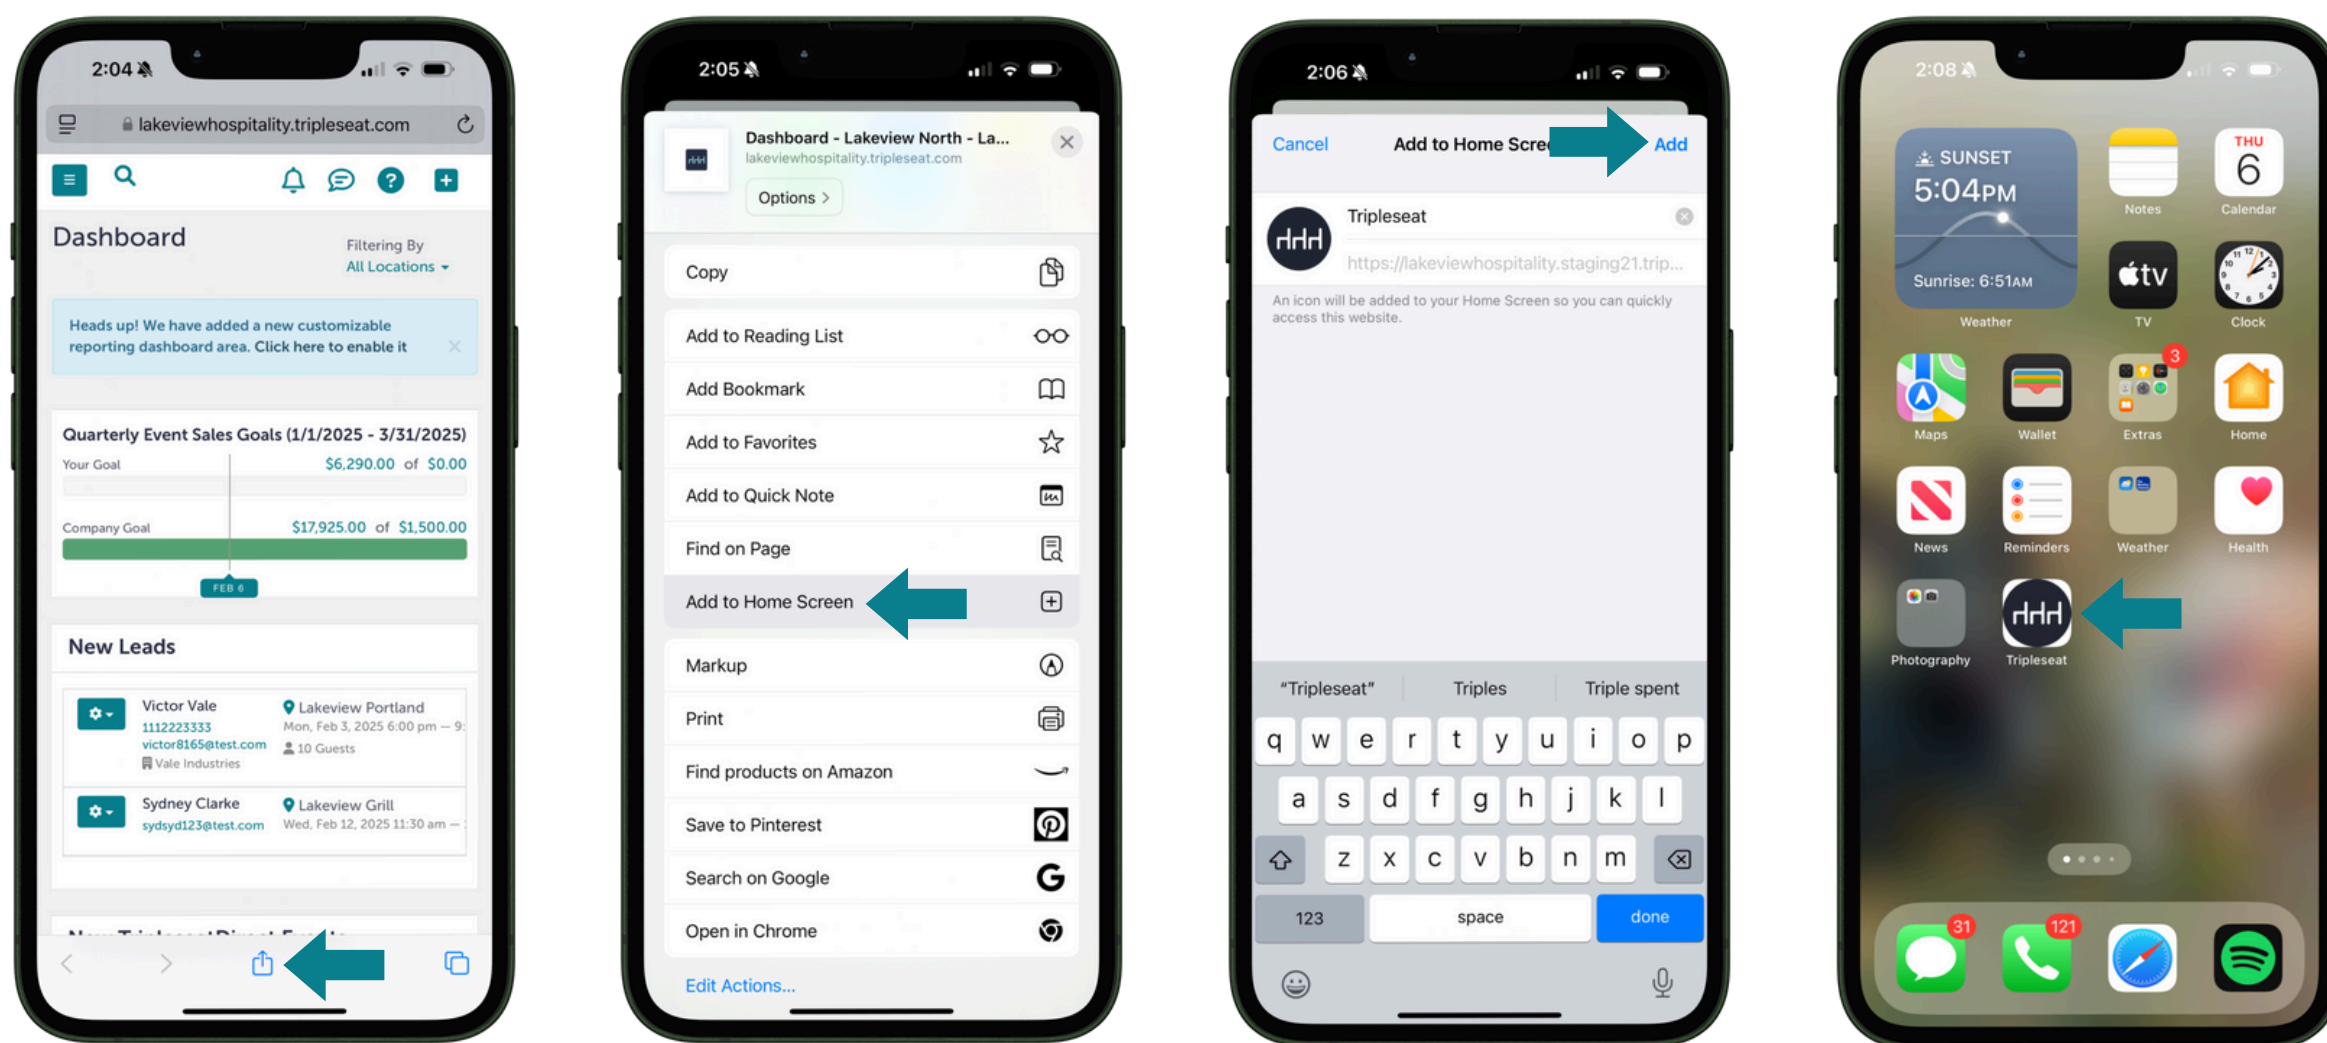

Make managing events even easier on your phone or tablet by adding Tripleseat to your home screen and enabling push notifications. With quick access and real-time updates, you'll stay on top of bookings, changes, and guest needs—no matter where you are. Follow these simple steps to streamline your workflow and never miss a beat!

## 1. Add Tripleseat to your home screen.

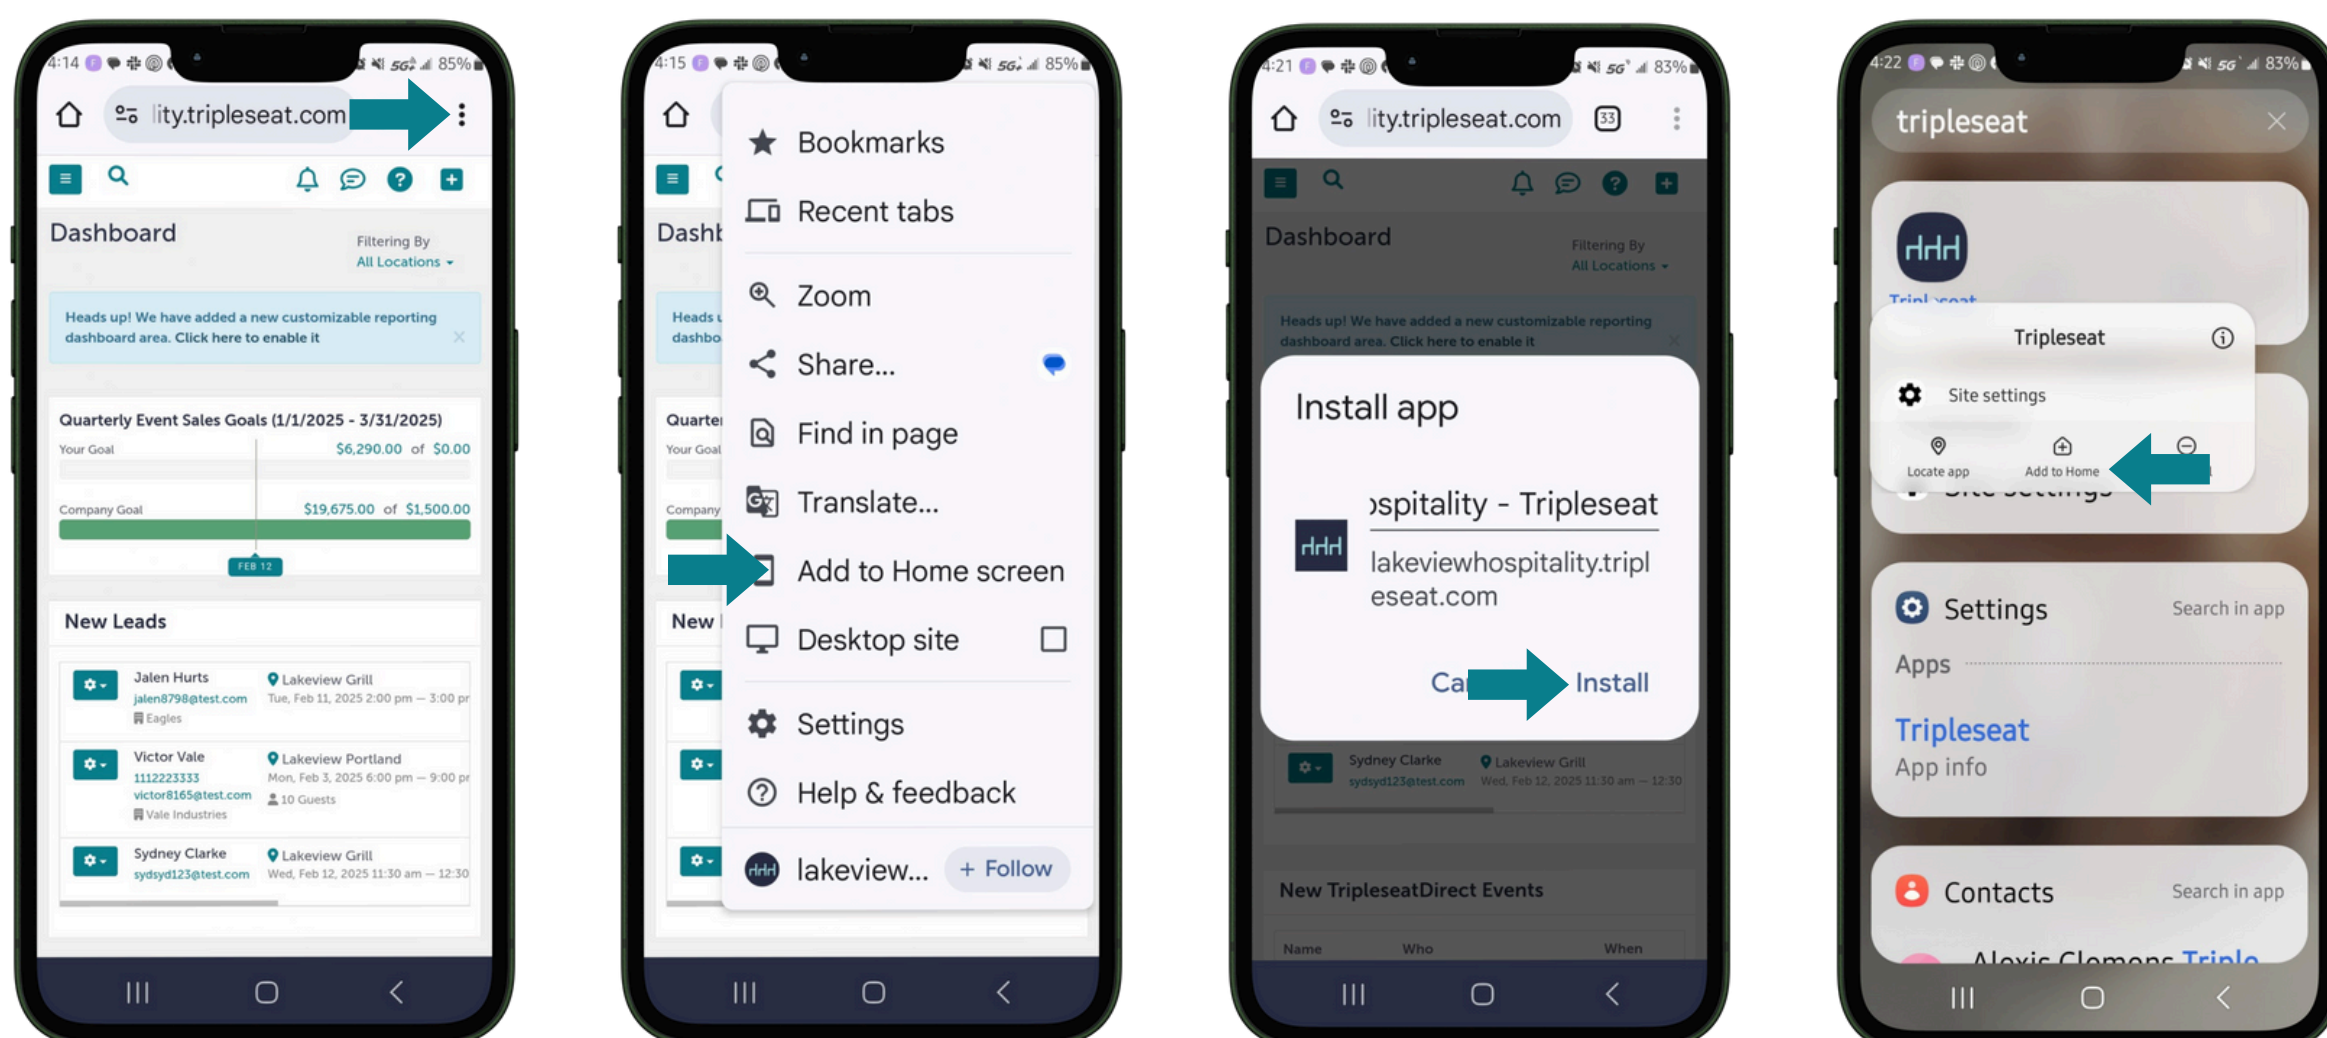

### Adding on an iPhone or iPad

- Open Chrome, Firefox, or Safari on your iPhone or iPad.
- Go to your Tripleseat site and log in.
- Tap the **Share** icon in your browser's toolbar.
- Scroll down and select **Add to Home Screen**.

### Adding on an Android device

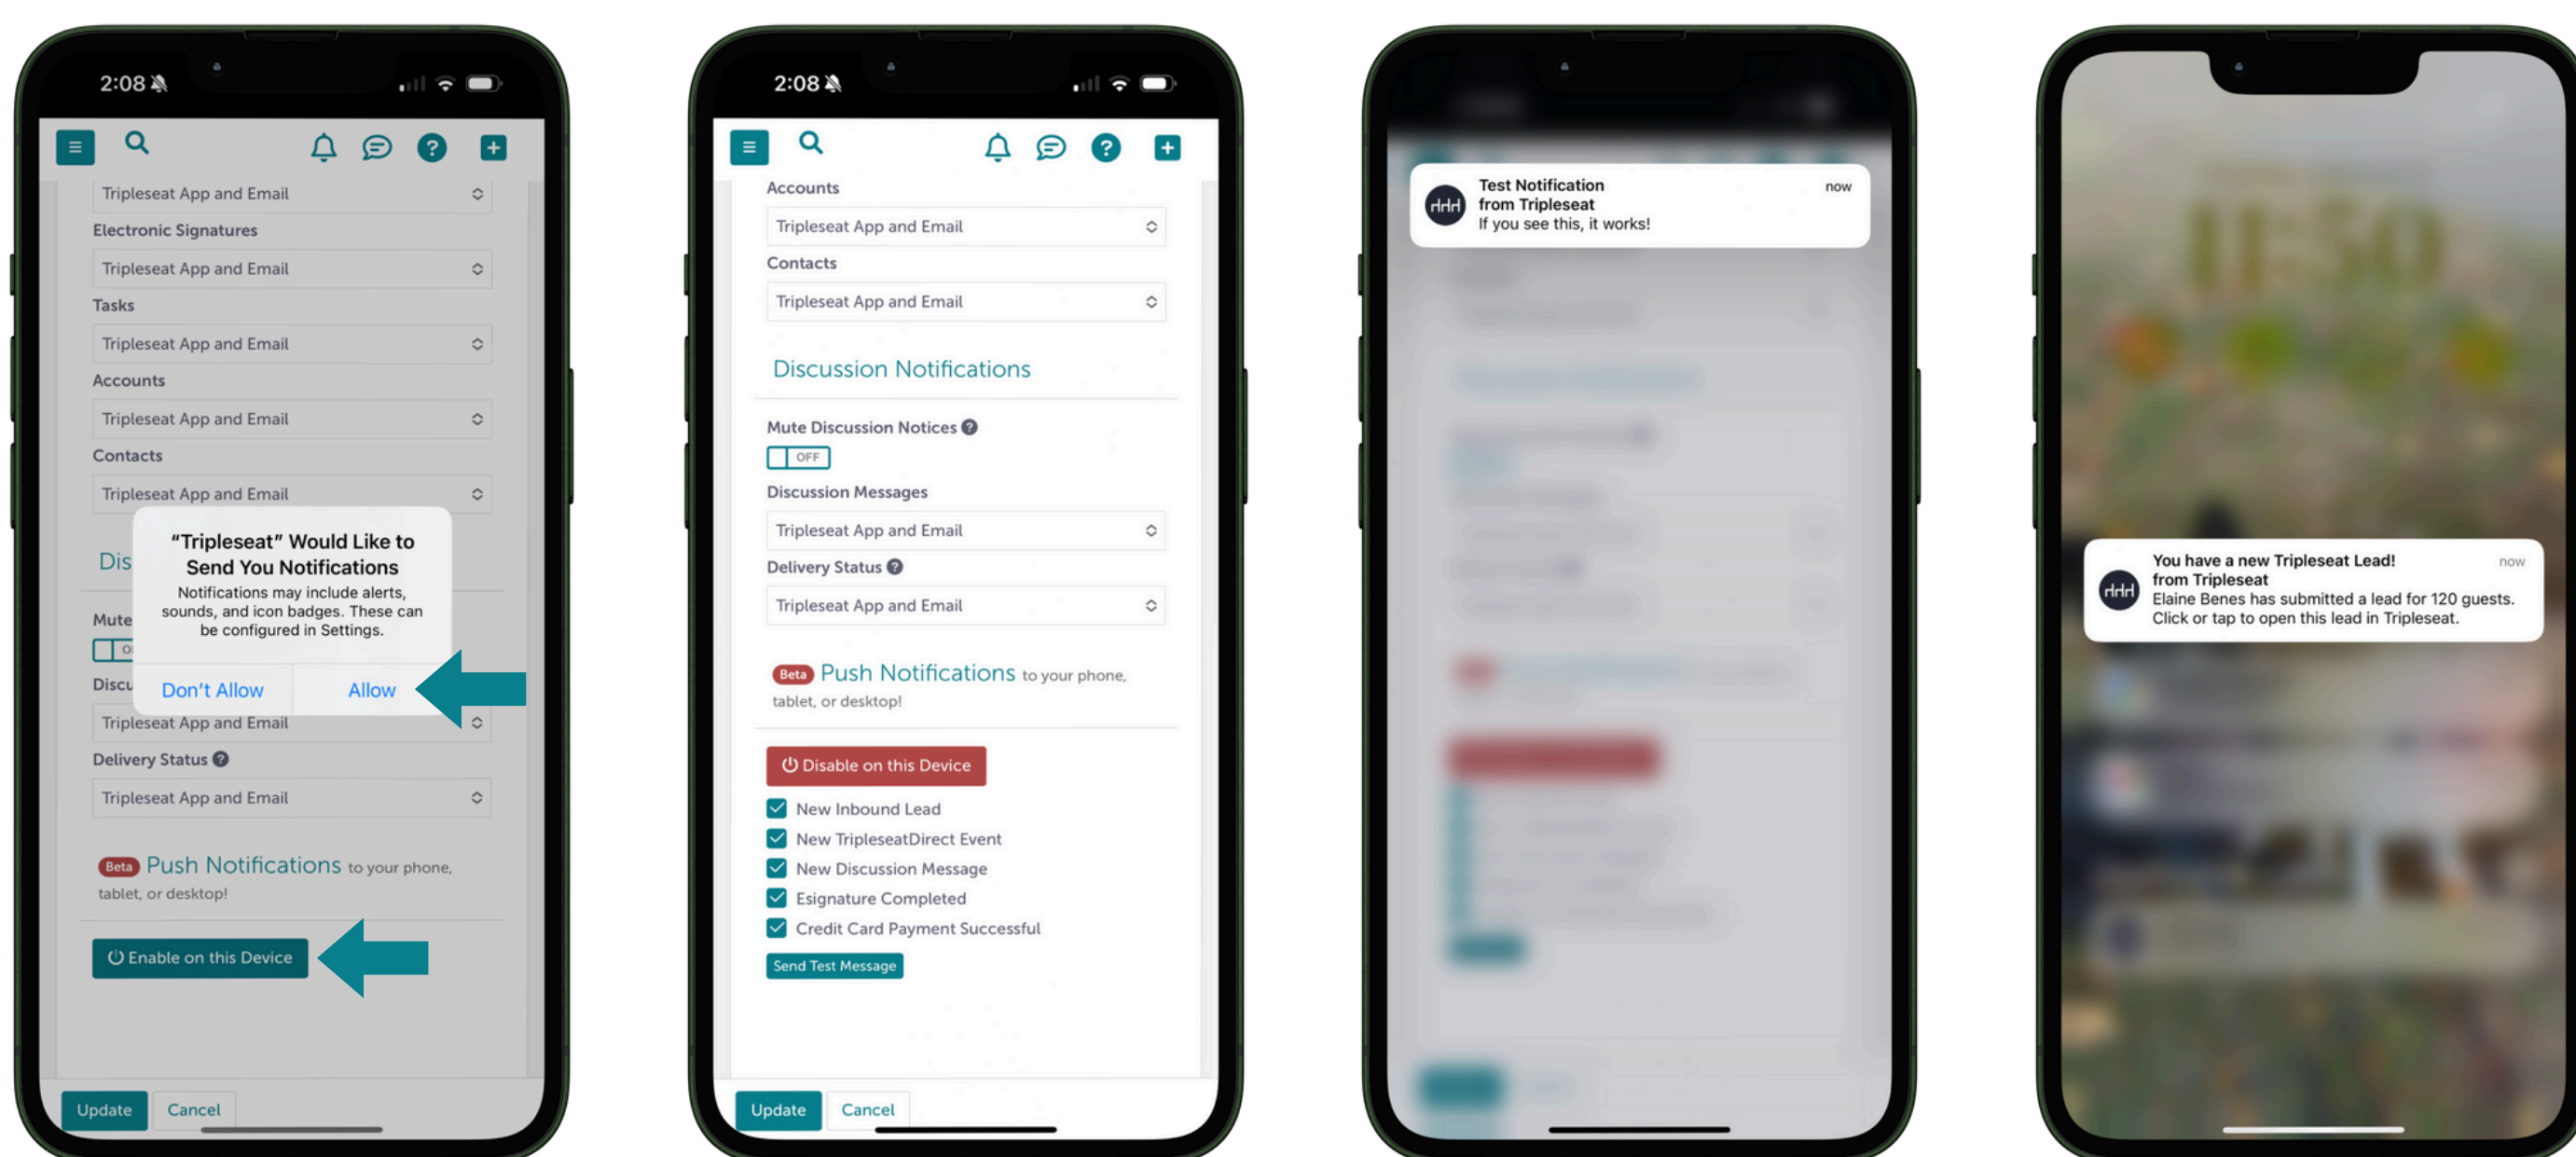

- Open Chrome or Firefox on your phone or tablet.
- Go to your Tripleseat site and log in.
- Tap the **Ellipses** icon in the top-right of your browser.
- Scroll down and select **Add to Home Screen**.
- Name your app **Tripleseat** and then select **Install**.

## 2. Enable push notifications in My Profile.

Now, you can open Tripleseat on your phone or tablet and complete the following steps:

- In Tripleseat, go to **My Profile** and select **Notifications**.
- Under **Push Notifications**, tap or click **Enable on this Device**.
- When prompted, select **Allow** to enable notifications.
  - You can choose the following notifications to be pushed to your device:
    - New Inbound Lead
    - New TripleseatDirect Event
    - New Discussion Message
    - E-Signature Completed
    - Credit Card Payment Successful

- Send a test message to ensure it works properly, and then click **Update** to save your new push notification settings!

You're now all set to receive real-time updates and manage your events seamlessly from your phone or tablet!
